EXTENDED LEARNING OPPORTUNITIES

Purpose

The Board encourages students to pursue Extended Learning Opportunities (ELO) as a means of acquiring knowledge and skills through instruction or study that is outside the traditional classroom methodology, contingent upon available support and resources. Extended Learning Opportunities may include, but are not limited to, independent study, private instruction, performing groups, internships, community service, apprenticeships, online courses/distance education, or other opportunities approved by the Superintendent or his/her designee, in conjunction with Board policies.

The purpose of extended learning opportunities is to provide educational experiences that are meaningful and relevant, and that provide students with opportunities to explore and achieve at high levels. In order to maximize student achievement and meet diverse pathways for learning, this policy permits students to engage in Extended Learning Opportunities that are engaging and intellectually challenging, and that enable students to fulfill or exceed the expectations set forth by State minimum standards and applicable Board policies, and incorporate ORHS 21st Century Learning Expectations.

Extended Learning Opportunities may be taken for high school credit. If the Extended Learning Opportunity is taken for credit, the provisions of Policy IMBC, Alternative Credit Options, will apply. The granting of credit shall be based on a student's mastery of course competencies, as defined by Policies ILBA, Assessment of Educational Programs and ILBAA, High School Graduation Competency. Highly Qualified Teachers must authorize the granting of credit for learning accomplished through Extended Learning Opportunities.

Roles and Responsibilities

All programs of study must meet or exceed the proficiencies and skills identified by the New Hampshire State Board of Education, applicable rules and regulations of the Department of Education, and all applicable Board policies. All programs of study proposed through this program shall have specific instructional objectives aligned with the State minimum standards and District curriculum standards. All Extended Learning Opportunities will comply with applicable laws and regulations, including child labor laws and regulations governing occupational safety.

Students wishing to pursue an Extended Learning Opportunity under these guidelines must first present their proposal to the school's ELO coordinator for approval. The designated ELO coordinator will assist students in preparing the application form and other necessary paperwork. All ELOs must have parent/guardian approval.

The Principal or his/her designee will have primary responsibility and authority for ensuring the implementation of Extended Learning Opportunities and all aspects of such programs. The Principal or his/her designee will determine who will be responsible for approving student eligibility and such approval will include a consideration of the overall benefits, costs, advantages and disadvantages to both the student and the District, contingent upon available support and resources.

OYSTER RIVER COOPERATIVE SCHOOL BOARD	Policy Code: IHBH
Revised Draft to Policy Committee: March 9, 2016, September 14, 2016, <u>Policy Committee: October 26, 2016</u>	Page 2 of 3 <u>Category: Recommend</u>

The Principal or his/her designee will review and determine credits that will be awarded for Extended Learning Opportunities toward the attainment of a high school diploma. Parents/guardians and/or students may appeal decisions within the provisions below (see Appeal Process).

Students approved for an Extended Learning Opportunity must have parental/guardian permission to participate in such a program. Such permission will be granted in writing, and signed by the parent/legal guardian, and returned to the ELO coordinator before beginning the program.

All Extended Learning Opportunities shall be the financial responsibility of the student or his/her parent/legal guardian. Students electing independent study, college coursework, internships, or other Extended Learning Opportunities that are held off the high school campus will be responsible for providing their own transportation to and from the off-campus site.

Students approved for off-campus Extended Learning Opportunities are responsible for their personal safety and well-being. All community program partners must meet SAU#5 volunteer requirements which include a background check.

Application Process

1. The application is to be completed by the student/parent/guardian a minimum of two weeks prior to beginning of an Extended Learning Opportunity.
2. The application will be reviewed by the ELO teacher and administrator. If additional information is requested, the information must be submitted within one week of receipt of the request.
3. It is the student's responsibility to maintain academic standing and enrollment in the approved program. Any failure to complete an approved program will jeopardize the student's ability to earn credit for the course. The student and parent/guardian recognize that in the event the student withdraws from an approved program, the District cannot guarantee placement in an equivalent District-offered course.
4. The District reserves the right to determine the number of credits to be awarded.
5. Any credits earned will be calculated towards the overall Grade Point Average. This determination will be made prior to the start of an ELO by the principal and/or his/her designee. The course name and grade earned will be noted on the student's official transcript.

Evaluation Criteria

The Principal or his/her designee will evaluate all applications. At a minimum, all applications must meet the following criteria:

- Provides for administration and supervision of the program.
- Provides that certified school personnel oversee and monitor the program.
- Requirement that each Extended Learning Opportunity meets rigorous standards, including the minimum standards established by the State Board of Education and all other applicable District standards.

Extended Learning Opportunity Approval Appeal Process

A student whose application has been denied may request, in writing, a meeting with the Principal to review the status of their proposal. The written request should include the rationale for reconsideration. At the conclusion of the appeal, the principal's decision is final.

Program Integrity

In order to insure the integrity of the Extended Learning Opportunity approved under this program, the student will be required periodically, or upon demand, to provide evidence of progress and attendance. The Principal and/or his/her designee will be responsible for certifying course completion and the award of credits consistent with the District's policies. If a student is unable to complete the Extended Learning Opportunity for valid reasons, the Principal, Principal's designee, or assigned Certified Teacher will evaluate the experience completed to date and make a determination for the awarding of partial credit or recommend an alternative experience.

If a student ceases to attend or is unable to complete the Extended Learning Opportunity for insufficient reason (lack of effort, failure to follow through, indecision, etc.), the Principal or his/her designee may determine that the student's transcript be adjusted to reflect the experience as a failure.

Students transferring from other schools who request acceptance of course credits awarded through similar Extended Learning Opportunity programs shall have their transcripts evaluated by the Principal or his/her designee.

It shall be incumbent upon the students or his/her parent/legal guardian to request that copies of the student's official transcript be sent from the former school.

ALTERNATIVE LEARNING PLANS

Purpose

In an effort to reduce the number of students who do not complete the requirements to graduate from high school and earn a diploma, the Board establishes a program for alternative learning plans for students to obtain a high school diploma or its equivalent. The Oyster River Cooperative School District, through an Alternative Learning Plan team comprised of teachers, administrators, and ~~guidance~~-counselors, are directed to identify students who may be at risk for dropping out of high school, for developing alternative learning plans consistent with this policy, and for assisting students who are participating in alternative learning plans.

Alternative learning plans may include, but are not limited to, extended learning opportunities, independent study, private instruction, performing groups, internships, community service, apprenticeships, online courses/distance education, or other opportunities approved by the Superintendent or his/her designee, in conjunction with Board policies.

The purposes of alternative learning plans are to provide students with educational experiences that are meaningful, to provide students with opportunities to explore and achieve at high levels, and to meet State and District requirements to obtain a high school diploma or its equivalent. In order to maximize student achievement, this policy permits students to employ alternative learning plans that fulfill or exceed the expectations set forth by State minimum standards and applicable Board policy.

Alternative learning plans may include extended learning opportunities taken for credit or taken to supplement regular academic courses. If the alternative learning plan includes extended learning opportunities taken for credit, the provisions of *Policies IMBC, Alternative Credit Options* and *IHBH, Extended Learning Opportunities*, will apply. ~~The granting of credit shall be based on a student's mastery of course competencies, as defined by Policies ILBA, Assessment of Educational Programs and ILBAA, High School Competency Assessments. Highly Qualified Teachers and the Principal must authorize the granting of credit for learning accomplished through extended learning opportunities. If credit is not granted, the extended learning opportunity may be used to fulfill prerequisite requirements for other courses.~~

Roles and Responsibilities

~~Alternative learning plan components shall have specific instructional objectives aligned with the State minimum standards and District curriculum standards. All alternative learning plans will comply with applicable laws and regulations, including child labor laws and regulations governing occupational safety.~~

~~Teachers, Guidance Counselors and Administrators should inform students of the District's promotion of alternative learning plans and similar programs. District employees who believe a student may be at risk for dropping out of high school should inform either the Principal or the Guidance Counselor of the Teacher's concerns. The Principal will then schedule a meeting with the student, the Principal, the Guidance Counselor, and the student's parent/guardian to discuss the student's participation in an alternative learning program. Students expressing interest in pursuing such a plan or program should be referred to the Guidance Counselor, Principal, or the Principal's designee.~~

~~The Guidance Counselor or Principal's designee is responsible for assisting students and their parents/guardians in preparing application forms and other necessary paperwork for alternative learning plans. The alternative learning plan components will be determined through a team consisting of the student, school personnel, parent/guardian and other appropriate people based on the individual student need.~~

OYSTER RIVER COOPERATIVE SCHOOL BOARD	Policy Code: IHBI

~~The Principal or Principal's designee and the designated team will have primary responsibility and authority for approval and implementation of alternative learning plans and will oversee all aspects of such programs. The Principal will be responsible for reviewing and approving alternative learning plans and credits awarded toward the attainment of a high school diploma or its equivalent.~~

~~Parents/guardians and/or students may appeal decisions rendered by the Principal within the provisions set forth below (see Appeal Process).~~

~~Students approved for alternative learning plans must have parent/guardian permission to participate in such a program. Such permission will be granted through a Memorandum of Understanding for Educational Services signed by the parent/legal guardian and returned to the district before beginning the program. For alternative learning plans that require off-campus attendance, the District will require a signed agreement among the school, the student, and a designated agent of the third-party host. The agreement should specify the roles and responsibilities of each party.~~

~~Students engaged in alternative learning plans will remain as enrolled students of their district. Alternative learning plans that are approved by the District become the responsibility of the District to facilitate implementation, including associated costs and transportation.~~

~~Approval Process~~

- ~~1. The student/parent/guardian seeking an alternative learning plan shall meet with the guidance counselor or principal to discuss alternative learning plan options and initiate the formation of an alternative learning plan team. The team, including the student and parent/guardian, will meet to design the alternative learning plan designed to enable the student to remain enrolled in school and complete educational requirements.~~
- ~~2. The Superintendent or Superintendent's designee will review the paperwork and will determine whether or not to approve the alternative learning plan. The Superintendent or designee's decision will be made within ten (10) days of receipt of the paperwork. The student and parent/guardian will be notified in writing of the decision. If additional information is requested, the information must be submitted within ten (10) days of receipt of the request.~~
- ~~3. It is the student's responsibility to maintain academic standing and enrollment in the approved program. Any failure to complete an approved program may jeopardize the student's ability to remain in the program and receive credit towards obtaining a high school diploma or its equivalent. The student and parent/guardian recognize that in the event the student withdraws from an approved program, the District cannot guarantee placement in an equivalent District-offered course.~~
- ~~4. The District reserves the right to determine the number of credits to be awarded. The course name and actual grade earned will be noted on the student's official transcript.~~

~~Evaluation Criteria~~

~~The Superintendent or designee will evaluate all applications of students wishing to participate in an alternative learning plan or program. At a minimum, any alternative learning plans must meet the following criteria:~~

~~Provides for proper administration and supervision of the program or plan~~

- ~~• Provides that certified school personnel oversee and monitor the program~~
- ~~• Requirement that each extended learning opportunity, if included in the alternative learning plan, meets rigorous standards, including the minimum standards established by the State Board of Education and all other applicable District standards~~

- Includes age-appropriate academic rigor and the flexibility to incorporate the student's interests and manner of learning
- Are developed and amended, if necessary, in consultation with the student, a school Guidance Counselor, the school Principal and at least one parent/guardian of the student

Appeal Process

If the submitted plan is rejected, the Superintendent or designee will provide the student/parents with a rationale as to why the proposal was rejected. Students whose application has been denied by the Superintendent may appeal that decision to the School Board. The School Board will place the item on its agenda for its next regularly scheduled meeting. Alternatively, if scheduling and time constraints do not allow for the matter to be placed on the agenda at the Board's next meeting, the Board may hold a separate meeting to hear the matter. The matter will be discussed in non-public session, pursuant to RSA 91-A:3, II, unless the parents request the Board hear the matter in public session, in which case the request will be honored. If the School Board upholds the Superintendent's determination, the decision of the School Board may be appealed to the State Board of Education, consistent with applicable law. The School Board will inform the student/parents of their appeal rights.

Program Integrity

In order to insure the integrity of the learning experience approved under this program, the student will be required periodically or upon demand to provide evidence of progress. The Principal will be responsible for certifying completion of the plan or program and the award of credits, consistent with the District's policies on graduation.

If a student is unable to complete the alternative learning plan for valid reasons, the Principal will evaluate the experience completed to date and make a determination for the award of partial credit or recommend an alternative experience. The Principal will determine the validity of such reasons on a case-by-case basis.

If a student ceases to attend or is unable to complete alternative learning plan for insufficient reason (lack of effort, failure to follow through, indecision, etc.), the Principal may determine that the student's transcript be adjusted to reflect the experience as a failure.

In order to certify completion of curricular programs and activities based upon specific instructional objectives aligned to the standards, the Principal will develop appropriate mechanisms to document student progress and program completion on student personnel records.

GRADUATION

Graduation from our public schools implies that students have satisfactorily completed the prescribed courses of study for the several grade levels in accordance with the State of New Hampshire Code of Administrative Rules (Ed. 306.27m) standards for credit and course requirements and in accordance with their respective abilities to achieve and that they have satisfactorily passed any examinations and other requirements set by the faculty. In addition, students shall have maintained a satisfactory record of citizenship during their progression through the instructional program of the schools.

It is expected that insofar as possible the faculty will apply measures of achievement to provide evidence that each student has progressed far enough toward school goals to warrant his/her graduation according to the terms of the above paragraph.

At the beginning of the final examination period, students who are expected to earn all credits by the end of their senior year, as determined by the principal, may be allowed to participate in graduation and commencement exercises. If, after final exams, such students fall short in their credit requirements, they will not be allowed to participate in the ceremony. The deficiencies must be correctable no later than the beginning of the fall school term which immediately follows in order to receive their same year diploma. Total required credits for graduation are 22.

The staff will arrange each spring for appropriate awards and recognition programs and graduation exercises. There will be no formal graduation exercises for elementary and middle schools.

The following credit hour distributions are required for graduation and must be successfully completed to earn an Oyster River High School diploma:

English	4 credits
Social Studies	2 ½ credits

HIGH SCHOOL GRADUATION COMPETENCIES

The following definitions are established for the purposes of assessment of Oyster River High School course work through the demonstration of student mastery of course competencies:

1. "Competencies" means student learning targets that represent key content-specific concepts, skills, and knowledge applied within or across content domains. Specific and required types of competencies include course level competencies, district competencies and graduation competencies.
2. "District competencies" mean specific types of competencies that are common across the district and organized in developmental progressions that lead to achievement of graduation competencies.
3. "Graduation competencies" means specific types of competencies that are common across the district and define learning expectations for each student for graduation from high school.
4. "Mastery" means a high level of demonstrated proficiency with regard to a competency.

Course credit will be awarded through the demonstration of a student's mastery of the competencies of the course. Course credit granted through demonstration of mastery will be recorded on the official student transcript. Grades and credit granted through demonstration of mastery will be included in the student's grade point average. Students must be enrolled in the particular course in order to receive course credit.

Students who are involved in an approved extended learning opportunity to satisfy course requirements in whole or in part shall demonstrate mastery ~~through a method or methods as approved by the course instructor,~~ as specified in Policy IHBH.

Credit may be used to fulfill prerequisites for other courses and/or subject area credit requirements for graduation. Credit will not be granted, however, for a course in a subject area lower in course sequence than one for which the student has already earned credit.

The Superintendent shall establish rules for implementing this policy in cooperation with the high school Principal, and shall be responsible for ensuring that all high school courses include appropriate competency assessments. Competency Assessments will be selected, conducted, and reviewed in conjunction with the provisions of Policy ILBA.

Assessments shall be aligned with clearly defined educational standards that specify what students should know and be able to do. The assessment items and tasks shall be valid and appropriate representations of the standards students are expected to achieve. Assessment standards, tasks, procedures, and uses shall be fair to all students.

In formulating this policy, the Board understands that there are circumstances when staff members and/or their children have personal relationships with the families of students outside of school. Staff members are encouraged to discuss issues with their building administrator or supervisor whenever they are unsure whether particular conduct or a planned activity may constitute a violation of this policy.

Reporting Violations

Students and/or their parents/guardians are strongly encouraged to notify the principal (or other appropriate administrator) if they believe a teacher or other staff member may be engaging in conduct that violates this policy.
